

# Southern Arizona Emergency Communications HF Net

June 2020 Through August 2020

13 June 2020

This is BRAD, KE7MU, Net Control Station for the Southern Arizona Emergency Communications HF Net. This net meets Saturdays at 0715 Hrs MST on 3863 kHz (or another band), by authority of the FCC and by the direction of the Pima County Office of Emergency Management. This is a directed net, organized to handle emergency traffic and net training. Following roll call, I will open the net for late member and visitor check-ins. Break with your call sign at any time if you have emergency traffic. ARE THERE ANY QST's?... The net list follows:

2M & Visitors 10 1

Suffix	Call, Name	2M	HF	EO	Bat	BU	Pwr		QTH	Notes
EAZ	K7EAZ, KEN	X							T (NW)	Better signals this am. I'm getting better at using th new IC-7300, have the Hear-It speaker in line now--much better audio copy. The PBT works on the AMr's well too. In the last column next to QTH is my signal report for HF copy. If the HF column has NC in it I didn't copy you and I the report is in (#), it is the report per the Net Control, this week, Brad, KE6MU. Next week I am listed as Net Control. Alternate is KD8M but she states she has noise problems and is unavailable. The following week is Field Day and I propose canceling the HF portion of the net. I'll call the VHF portion as usual. Dick W0PZD

Are there any visitor or late member check-ins? Again, are there any visitor or late member check-ins? Any relays? This is your call sign, NCS for the Southern Arizona Emergency HF Net. Now we'll go around again for comments.

[Closing] This net is formally closed at 0737 MST and will meet again next Saturday on 3865 kHz (or alternate band) at 0700/0715 Hrs MST. Thanks for your participation! Have a good week all! 73, [Sign off].
