Southern Arizona Emergency Communications HF Net

June 2020 Through August 2020

20 June 2020

This is __DICK W0PZD__, Net Control Station for the Southern Arizona Emergency Communications HF Net. This net meets Saturdays on 146.88 at 0700 (early checkins) and on 3863kHz (or other freq) 0715 Hrs MST, by authority of the FCC and by the direction of the Pima County Office of Emergency Management. This is a directed net, organized to handle emergency traffic and net training. Following roll call, I will open the net for late member and visitor check-ins. Break with your call sign at any time if you have emergency traffic. ARE THERE ANY QST's?... The net list follows:

Many thanks to Mike, W7IJ, and Joe, W7LUX, for relay services. Mike also asked that everyone refrain from using DRONES in the area of the fire due to interference with fire suppression aircraft and to to operate on any aircraft frequencies.

Bob. K7DC, has asked that all Net Control stations complete their reports and submit them to him so he can compile them and post them on the OEM website. The latest fillable form is available on the website and contains intruction s for completing it.
