5. Special Instructions:

The 146.880 will be used as the primary communications channel. It is also called HOME. That means that if you get lost, come to the home channel and call the COML for direction.

The use of OEM ch 101 is dependent upon it's repair. If you would like to use it please call the COML for direction.

OEM ch 19, Evac Center NCS. This will be the primary channel for traffic between the evac centers and the evac center NCS.

OEM ch 24. EOC to ESF 2. This is to be used as a private channel between the EOC and ESF 2 ONLY

Remember: ALL communications MUST begin with **EXERCISE EXERCISE EXERCISE This is ONLY an EXERCISE**
