This net meets on the 3rd Saturday of each month at approximately 1320 hours Mountain Standard Time by of the Federal Communications Commission and at the direction of the Pima County Office of Emergency Management and Homeland Security.

The purpose of this net is to test interoperability between the Office of Emergency Management and affiliate Hospitals in Tucson and surrounding areas, their radio equipment, modes of operation and the operators' ab response time.

This net is organized to handle emergency traffic. If there is an emergency during the net, come with your call "break break" at any time. The net will cease operation until your emergency is taken care of.

This is a directed net. All traffic should pass through net control.
