

Southern Arizona Emergency Communications HF Net

4Q 2025 Net List Master, Rev 2

<Fill in today's date>

This is <callsign/name> net control station for the Southern Arizona Emergency Communications HF Net.

This net meets on the 2nd and 4th Saturdays of each month at 1330 hrs MST on 7.242 MHz +/- 5 KHz (or closest clear frequency)

by authority of the FCC and by the direction of the Pima County Office of Emergency Management.

This is a directed net, organized to handle emergency traffic and net training.

Following roll call, I will open the net for late member and visitor checkin-ins.

After the initial checkins, stations will be recalled to indicate the following:

- if operating on commercial or emergency power
- transmitter power output
- reception signal report of the NCS in S-units
- any other traffic or comments

Break with your call sign at any time if you have emergency traffic. ARE THERE ANY QST's?...

The net list follows - I will pause after each station is called for any relays:
